Neuroradiology meets AI & Update on Neuro-Oncological Imaging

[09:00-10:30 - Session I: Artificial Intelligence in Neuroradiology](#)

[10:50-12:20 - Session II: Update on Brain Tumor Imaging](#)

[13:10-14:40 - Session III: Impact of Imaging on Brain Tumor Treatment](#)

[15:00-16:00 - Session IV: Post-treatment imaging and treatment-related complications](#)

08:50-09:00	Opening and Welcome Franca Wagner, Aarau Johanna Lieb, Basel
09:00-10:30 Session I	Artificial Intelligence in Neuroradiology: Implications for clinical practice Moderation: Roland Wiest, Bern Andrea Bink, Zürich
09:00-09:30	First steps into clinical practice: Guidelines for implementation and accountability Roland Wiest, Bern
09:30-10:00	From Promise to Practice: Driving AI adoption and integration in clinical settings Christine Jacob, Windisch
10:00-10:30	AI in Neuroradiology for Brain Oncology: What's there and next steps Mauricio Reyes, Bern
10:30-10:50	<i>Coffee break</i>
10:50-12:20 Session II	Update on Brain Tumor Imaging Moderation: Franca Wagner, Aarau Eberhard Kirsch, Basel
10:50-11:20	Standard brain tumor imaging and differential diagnosis Andrea Bink, Zürich
11:20-11:50	Advanced Imaging and diagnostic challenges Johanna Lieb, Basel
11:50-12:20	Diagnostic challenges in brain tumor monitoring: pseudoprogression, pseudoresponse and radiation necrosis Frauke Kellner-Weldon, Lucerne
12:20-13:10	<i>Lunch</i>
13:10-14:40 Session III	Impact of Imaging on Brain Tumor Treatment: Clinical Perspective Moderation: Frauke Kellner-Weldon, Lucerne Johanna Lieb, Basel
13:10-13:35	Updates on neuropathological grading of CNS tumors Theoni Maragkou, Bern
13:35-14:00	Neuro-Oncological Perspective: Systemic and Radiation Therapy Nicolaus Andratschke, Zurich
14:00-14:20	Neuro-Surgical Concepts in high grade tumors and metastases Christian Fung, Bern
14:20-14:40	Neuro-Surgical Concepts in low grade tumors and benign lesions Dominik Cordier, Basel
14:40-15:00	<i>Coffee break</i>
15:00-16:00 Session IV	Post-treatment imaging and treatment-related complications Moderation: Karl-Olov Lövblad, Geneva Felix Tobias Kurz, Geneva
15:00-15:20	Neuroimaging RANO 2.0: Update Felix Tobias Kurz, Geneva
15:20-15:40	Neurotoxicity of new systemic agents and immunotherapy Andreas Hottinger, Lausanne
15:40-16:00	Paraneoplastic CNS Syndromes Patrick Roth, Zurich
16:00-16:30	Announcements + Farewell Apéro Franca Wagner, Aarau Johanna Lieb, Basel
